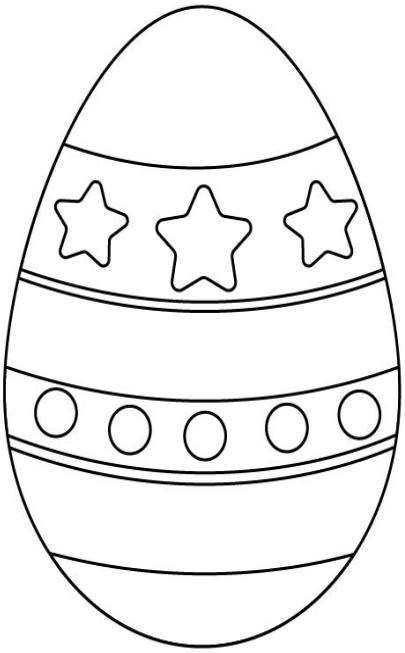
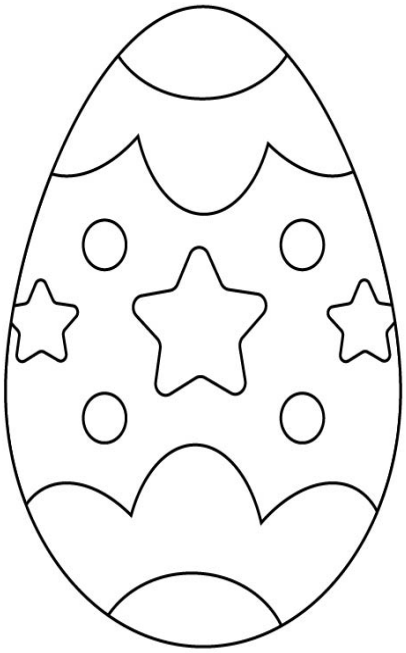
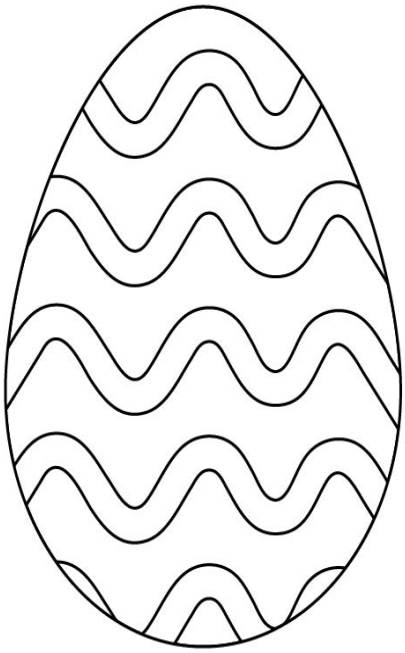
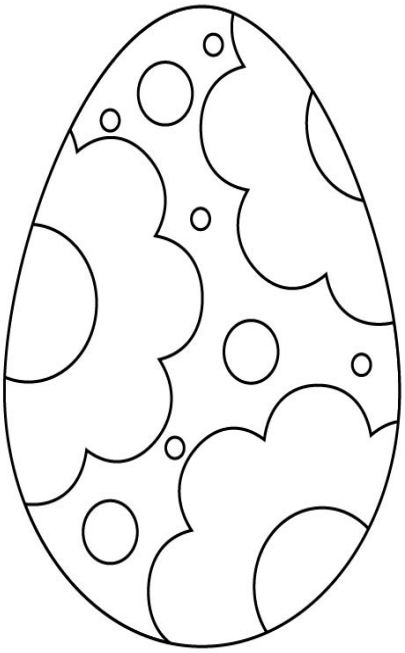
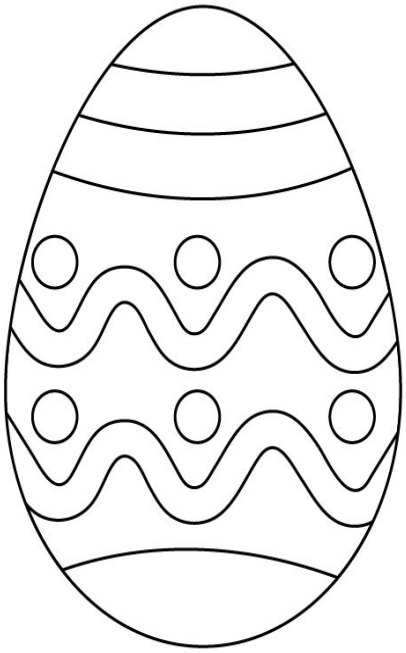
Easter Egg Ornaments

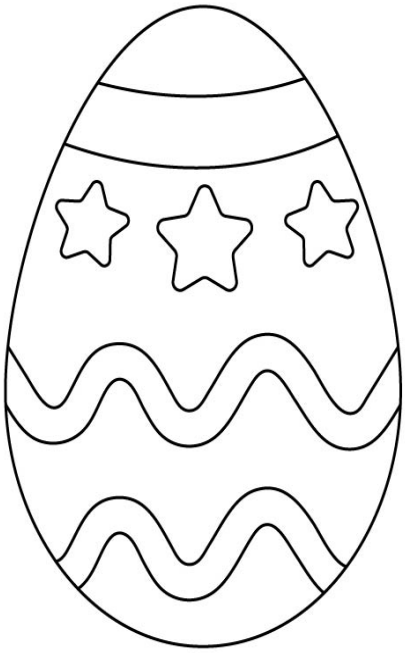












1. Color and cut out each egg with scissors, then fold them down the vertical center with the back of the paper facing out.

2. Tape or glue the back of 2 eggs together to create a 3D effect. We used double-sided tape because it was quick and easy!

3. When all the eggs are attached, squeeze a dot of glue (or press a piece of double-sided tape) in the center of the folds.

4. Stick a loop of string on the glue
